Bitopan Deka

I am a full-stack web developer(MERN). I find immense joy in creating web apps and solving problems in the development phase. I believe in working hard and learning new skills to enhance my skillset whenever possible.

EXPERIENCE

Accelerate Business Solution, Mumbai— *Jr.Software Engineer*
JUNE 2022 -PRESENT

Harvest App: It is a time and expense tracking project in which we can import and export all time and estimate data of a client. We can also import/export projects, people, clients, and tasks from their respective sections.

BrightDrop: Currently working on this project it is a delivery company website designed to help make delivery smarter safer and more efficient. (using Bootstrap, sass, gulp, nunjucks templating engine).
